We're gonna have to do this like three more times if that's okay with you.

Speaker 1 | 00:04.495

Let's do it as many times as we can if like needed. We're trying to build cleaver.

Speaker 0 | 00:10.159

For real. Reema I can't believe what you did on your abyss. You're actually mental. I know

Speaker 1 | 00:15.864

I do. I was surprised myself. I'm so glad. Like my Leila yeah like she did.

Speaker 0 | 00:23.090

She carried you?

Speaker 1 | 00:23.610

She made me live.

Speaker 0 | 00:26.233

Yeah definitely. Not all of your characters are like fully built right now right? so it's actually crazy what you managed to do but you know what in my opinion you have you have the skill like i don't know oh i know how this came because i know people say genshin is like a skillless game but you know yeah it doesn't have to take too much skills they just you just need your practice to survive and through but i feel like no i feel like that's a life it does at least a bit requires skill rotation

Speaker 1 | 00:59.934

Yeah, in Abyss your rotation matters a lot.
